SENATE CHANGES HOUSE ROAD MAP

Committee, Virtually Through With Work, Reduces Total Mileage.

MAKE REPORT ON MONDAY

Final Action to Be Taken at That Time; General System Altered Little.

TO NAME CODE COMMISSION

Lower Branch Passes Measure to Recodify State Laws; 8 Members Compose It.

World's Capital Bureau, Skirvin Hotel.

OKLAHOMA CITY, Feb. 21.—With the senate road map practically agreed upon tonight, the senate is adjourning until Monday, at which time the committee will make its final report, and the road bill takes its place upon the senate calendar.

Many important and material changes have been made in the map, as it came from the house. In fact, the senate road map as it stands tonight, may be referred to as an entire redraft of the original house map.

The present mileage of the house map is variously estimated at from 4,000 to 4,300 miles. The senate map as today agreed upon, is estimated to contain between 3,600 and 3,800 miles, and the principal changes in mileage occur in the more sparsely settled sections of the state, and are not cutting any material figure in the general state-wide system.

The house committee's substitute for the bill by W. L. Cheatham of Bristol, which provides for the appointment of a code commission, has been finally passed by the house. The bill provides for the designation of a commission eight members of the legislature, four of whom are to be selected by the president of the senate and four by the speaker of the house of representatives, who shall have charge of the work of recodifying the statutes. Ten dollars a day is to be their pay. The committee must begin its work within 15 days after the adjournment of the legislature and its task must be completed when the next regular session of the legislature is called.

HOUSE DEBATES LATE ON WHEAT MEASURE

Amendments Offered to Bill Guaranteeing Price of \$2.26 Are Ruled Out or Voted Down.

WASHINGTON, Feb. 21.—The house remained in session until a late hour tonight in an effort to reach a vote on the bill providing means for the government to carry out its guarantee of \$2.26 a bushel to the farmer for wheat crop. The measure was taken up after the railroad appropriation bill was passed and was freely debated.

Numerous amendments were proposed to each section of the bill, but with the exception of those offered by the committee they were ruled out on points of order or voted down. Representative Moore of Pennsylvania, sought to strike out the provision of the bill permitting the president to use any existing agency of the government or to establish new ones for carrying out the provisions of the measure but his amendment was defeated.

Representative Moore of Pennsylvania made a determined effort to include as amendments provisions for lifting the embargo on cotton, reducing the number of grades traded in on the New York cotton exchange and making cotton speculation unlawful. Objection to the bill was made by both republican and democratic members because it does not specifically provide that the wheat be sold at the consumer at the price determined by the law of supply and demand.

CHARGE MAY NOW BE MADE FOR INDIAN ESTATE WORK

WASHINGTON, Feb. 21.—Under the terms of the senate Indian appropriation bill, when an attorney shall render service in connection with the estate of a restricted Indian of the Osage or Cherokee or Choctaw tribes, and where the estate is over \$1,000, he shall charge a fee to be set by the judge and this shall be taken out of the estate. Hereafter this service has been rendered free. The bill also provides \$125,000 for an agency building at Pawhuska.

Oklahoma Sues Kansas Bank for Bank Funds

INDEPENDENCE, Kan., Feb. 21.—The state of Oklahoma through its attorney-general today brought suit in the Monticomey county district court seeking to recover \$117,000.53 from the Citizens National bank, deposited by the state to the credit of the Logan County bank of Guthrie which institution was declared insolvent January 30.

Oklahoma Physician Is Beaten to Death and Robbed in Hotel

Body of Dr. Thomas B. Dickson of Ramona Discovered in Kansas City Room.

MYSTERY IS STILL UNSOLVED

Police Looking for Clues; Belief Undoubted That He Was Murdered.

HE WORRIED.

He was one of the worrying kind—worrying about his future, worrying about his health, worrying about his money. He was a doctor, a physician, a man of letters, a man of science, a man of the world.

BORAH'S ATTACK BRINGS APPLAUSE

Idaho Senator Is Given Demonstration When He Ends Speech on League.

WOULD STOP WILSON TALK

Sherman Proposes to Ask President to See Senate Before Speaking.

SAYS TAFT IS MISLEADING

Borah Assails Position of Former President; Reed Is Speaker Today.

WASHINGTON, Feb. 21.—Criticism of the league of nations, "the most radical departure" from President Washington's policies and as spelling the end of the Monroe doctrine, Senator Borah of Idaho, republican member of the foreign relations committee, declared today in the senate that before the plan was adopted the American people should be allowed to give a verdict on it.

The Idaho senator who recently declined President Wilson's invitation to a white house conference next Wednesday to discuss the league constitution, insisted that the United States should steadfastly cling to the Americanism as established by the fathers and as recently defined by former President Roosevelt and in the course of his address he charged former President Taft with making misleading statements about the effect of the league's plan on American politics.

Is Applauded. When Senator Borah concluded after speaking about an hour, an unusual demonstration occurred. While crowded galleries applauded, senators and visiting representatives crowded around the senator seeking to congratulate him. Among the senators were several democrats, including Thomas of Colorado, (Iowa), and George of Georgia, and Vandam of Mississippi. The demonstration continued for five minutes, while senate business was completely suspended.

Borah spoke Senator Sherman of Illinois, republican, introduced a resolution which went over for future discussion, proposing the senate request President Wilson not to discuss the league until after he confers with the senate. It was a resolution to coordinate treaty-making branch and to "preserve an impartial and unbiased mind" on the subject.

The resolution which Senator Sherman introduced, was a resolution to coordinate treaty-making branch and to "preserve an impartial and unbiased mind" on the subject.

Peace Congress Not to Consider Panama Canal Regulations

By The Associated Press. PARIS, Feb. 21.—It has virtually been decided that there is no possibility of the Panama canal or of any North American waterway coming before the peace conference as the subject of proposed international regulations. The special commission on the subject of international waterways, it is believed, will confine itself entirely to a discussion of European rivers, making the ground for the existing arrangements between the United States and Great Britain relative to boundary waters sufficient.

PADEREWSKI GIVEN ALLIED RECOGNITION

Action Is Taken at Meeting of Representatives Held in Paris; Government Turned Over.

U. S. GETS GERMAN SHIPS

Some of Germany's Best Will Be Available for Bringing Home of American Troops.

PARIS, Feb. 21.—Official announcement was made today that the representatives of the allies at their meeting at the Quai d'Orsay today decided that the allies should recognize the Polish government headed by Ignace Jan Paderewski.

The council of 10 today referred all transitory economic measures to the special economic commission and permanent economic measures to a new commission which is to be named shortly, according to an official communication issued tonight.

The council referred the Schleswig-Holstein question to the committee on Belgian affairs.

An agreement has been reached whereby the United States will obtain some of the best German merchant ships for transporting American troops home, including the Imperator Graf Waldersee, Pretoria and J. C. Ham Brouhard. The Imperator is a monster craft, second in size only to the Vaterland.

Unfortunately the exit from the channel at Hamburg became choked during the war and the Imperator cannot be brought out until the channel is dredged. The sailing of the ships is being held up also by food and financial complications.

The Germans raised the point at the recent Treaty meeting that the delivery of ships to the allies was dependent upon the delivery of food to Germany.

Marshal Foch agreed to have the food question settled by a commission sitting here, but the commission finds this question is dependent upon Germany's financial situation and her ability to pay for food.

The Germans are ready to pay, but the allies are unwilling to accept vast sums of depreciated currency which Germany issued during the war. This has raised the whole financial question.

By The Associated Press. WARSAW, Thursday, Feb. 20.—The second important meeting of Europe's newest parliament, the Polish national assembly, was held today and was marked by the formal turning over by General Joseph Pilsudski of his duties as dictator and his return to him, subject to the approval of the diet, Ignace Jan Paderewski, the premier, it termed the parliament of the country's situation and asked for a vote of confidence in his government.

The proceedings were quiet and orderly and the modest character of the assembly gave the affair more the atmosphere of a church than that of a legislature.

Paderewski, in a lengthy address ringing with patriotism, declared that the country needed a large army and compulsory service in order to fight bolshevism. Secondly, he said, another effort must be made to grant the property of the workers and give them better homes. Land must be secured to the peasants.

Adolphus Busch III and Party Spend a Day Here.

Adolphus Busch III, grandson of the late Adolphus Busch of St. Louis, accompanied by his uncle, Edward Magnus, and Joseph H. Bitt, a friend, spent Thursday and Friday sightseeing in Tulsa and were guests of the Tulsa hoteliers at the Tulsa hotel.

Young Busch intimated that the party was in Oklahoma on business connected with the Adolphus-Busch company, many pictures of decorated soldiers and sailors were made in commemoration of Washington's birthday.

By The Associated Press. JAP AGREEMENT DECEASED. WASHINGTON, Feb. 21.—In a cablegram to the Russian embassy today the Czech government asked that the embassy deny "most emphatically" the rumor of an agreement between Russia and Japan in regard to the Czechoslovakian question.

The Czech government accepted an offer of men, money and arms with which to fight the bolsheviks.

LEAGUE PLANNED FOR RED CROSS

Combining of Activities of All National Societies Is Proposed in Paris.

DAVISON TELLS DETAILS

American Head Tells of Project at Meeting of Delegates of Many Nations.

WORLD WELFARE IS OBJECT

Purpose to Bring Relief to All Parts of Globe; Wilson Gives Approval.

PARIS, Feb. 22.—Members of the peace delegations of all the powers interested in the proposed league of nations, and ambassadors and ministers from various countries, together with several hundred newspaper representatives, at a dinner here tonight heard H. P. Davison of the American Red Cross, announce in detail the international Red Cross plan for world welfare. Mr. Davison has been named chairman of a committee of Red Cross societies representing the organizations in the United States, Great Britain, Italy, France and Japan, to formulate and propose to the Red Cross societies of the world a program of extended Red Cross activities in the interest of humanity.

Mr. Davison read a wireless message from President Wilson as follows:

"I sincerely regret I am not in Paris to join in expressing support and approval of the plan announced for co-ordinating and extending the efforts of the Red Cross societies of the world. I have been familiar with these plans from their inception. They contain great possibilities for lessening and preventing distress among all peoples.

"This would be enough amply to justify the utmost effort, but there is a further promise that the joint efforts of the Red Cross societies acting in concert will hasten and broaden the spread of fraternal feeling among the peoples.

"For these two reasons I am heartily in accord with the step now being taken, to bring together, through the Red Cross societies of the world, all those forces which in this way can be directed toward lessening the suffering and burden of humanity wherever and in whatever form they may exist. I sincerely trust that the plans which are now to be announced may have the support and active assistance of all governments and peoples before whom they are brought."

A memorandum distributed among the guests told of what the combined Red Cross societies of the world proposed to do and Mr. Davison explained and summarized the great plans and preparations.

Red Cross League. As soon as the armistice was signed, the Red Cross societies of the world, felt an impelling obligation to get together for the purpose of promoting a way of contributing to the world the benefit of our experience with the purpose of co-ordinating the efforts of all the Red Cross societies of the world in the interest of mankind. It seemed to us that, with a league of nations based upon high ideals, there should also come a league of Red Cross societies of nations and that there should be developed in every country an active Red Cross society for the purpose of doing every thing possible to endeavor not only to cure disease, but so far as practicable to cleanse the world and prevent disease and suffering.

The Red Cross organizations of the five great powers represented here tonight, received a conference at Cannes, where views were exchanged and a general program adopted. We adjourned from Cannes to Geneva where we called upon the international Red Cross and presented our suggestion to Gustav Ador, the president of the international Red Cross, and the president of the Swiss Confederation, gave us a most cordial reception and received our suggestions with every consideration.

After the conference at Geneva, we returned to Paris.

Tulsa to Honor the Memory of America's First Leader Today

Socially and patriotically Tulsa will observe the anniversary of the birth of George Washington Saturday, Feb. 22.

At the city schools, parties in many clubs and homes, entertainments for soldiers at the churches and Y. M. C. A. special programs at the theaters and picture shows, the streets will be closed, flags will be unfurled from public buildings and a half holiday will be observed in every office.

There will be joint observation of the anniversary of the birth of Washington and Lincoln by the Woman's Relief Corps at the home of Mrs. Lillian D. Lindsay on Thursday afternoon, from 2 until 4 o'clock to which has been invited the G. A. R. posts and Woman's Relief Corps of both Tulsa and Sapulpa. Addresses will be delivered by C. H. Rowe and A. A. Smith and there will be musical features and refreshments.

Baltimore Rector Is Dead. BALTIMORE, Feb. 21.—Mon. signor William A. Fletcher, 55 years of age, rector of the Catholic cathedral here since 1900, died suddenly today of heart disease.

All Elks Notice. Meeting next Tuesday night, Feb. 23. This meeting will be in charge of Past Exalted Ruler. Annual business, initiation and social session. Formal Dance Saturday night, Feb. 23. All Elks Urged to Attend.

Britain May Choose Borden as Ambassador

Assailant, Count Arco Valley, Attacked and May Die.

INTERIOR MINISTER IS SHOT

Auer Receives Bullet in Side at Session of Landtag.

SHOOTING IS FROM GALLERY

Deputy Is Dead and Two Others Are Seriously Wounded.

By The Associated Press. LONDON, Feb. 22.—A German wireless message received here quotes Philip Scheidemann, German chancellor, as saying that Herr Romschauer, Bavarian minister of war, had been killed.

MUNICH, Feb. 21.—Herr Auer, Bavarian minister of the interior, has been shot.

The shooting took place during a session of the landtag, while Auer was attending to the assassination of Kurt Eisner, the Bavarian premier.

Auer fell, wounded in the left side, and Deputy Auer was killed and two other officials were seriously wounded.

The shots were fired from the public gallery and caused a panic among the deputies.

The diet building now is being guarded by the military.

COPENHAGEN, Feb. 21.—Karl Eisner, the Bavarian premier, was shot and killed today by Lieut. Count Arco Valley, as Eisner was on his way from the foreign ministry to Munich to the diet, says a Munich dispatch. The shooting occurred in the Franzensstrasse and death resulted from two shots fired from behind into his head.

Eisner's body was carried into the foreign ministry, where it lies in the porter's lodge.

Soon after the shooting the judicial and police authorities arrived to investigate the assassination. There was great excitement in the streets of the city.

The diet, which was holding its first session today, adjourned indefinitely.

The count was attacked after the death of Eisner by a guard and was so severely wounded that his death is expected to follow.

Spartan forces in Munich Thursday stormed the police station and arrested the chief of police and several other persons, according to reports from Berlin. The government forces attacked the Spartans and by 7 o'clock in the evening had recaptured all public buildings.

Several soldiers were wounded in the fighting. Sailors who formed the Spartan garrisons under the name of the "committee for protection" surrendered.

Early in the day the Spartans had arrested the secretary of Premier Eisner and two members of the workmen's council in addition to the chief of police. All those arrested were released.

Radical Socialist. Kurt Eisner, who seized the reins of government in Bavaria after the deposing of the royal family early in November, was a socialist of the more radical type and reports coming from Munich recently were that he was a radical socialist.

OKLAHOMA BANKERS HOLD LARGE MEETING AT ENID

Special to The World. ENID, Okla., Feb. 21.—One hundred and seventy-five bankers were registered here today to attend the meeting of the Oklahoma bankers' association, which convened in this city. J. L. Pope of Woodward spoke in support of Governor Robertson's good roads program, and urged that communities add to the fund by furnishing materials and thus provide roads not included in the state highway.

W. B. Harrison of Wichita sustained the charges of Gov. Henry J. Allen of Kansas, that the war military failures in France, claimed the charges had been proven by men in the overseas service. He urged that the guilty ones be found, who, for the greed of gold, delayed supplies and equipment, and the ones guilty of failing to send troops, who he declared ought to be punished.
